Dear Lion,  
 You already know there's a big difference between communities that have a Lions club and communities that don't. A healthy club with active members can truly bring a community to life. That's why it's so important to continue building a strong club. One of the best ways to strengthen your club is by inviting new members. And there are so many great ways to do it:  
**Ask One** – The Ask One campaign shows that each Lion can play a part in building membership, and it all starts by asking one friend, family member or neighbor to join.  
 Inviting new members is the responsibility of all Lions, so continue to make membership a priority and keep encouraging your members to **Ask One!**

**Save Sight! Promote Cornea Donation**

Lions Eye Bank Week (December 6-12) is an ideal opportunity for Lions to promote the importance of cornea donation to save sight. Increased awareness leads to more tissue donations, which helps eye banks give the gift of sight to even more men, women and children each year. Contact an eye bank near you to explore volunteer opportunities. For more information, visit the Lions Eye Bank Week page.
